

PRITAM SHINDE

Pune, India | +91 9284574057 | shinde.pritam26@gmail.com | www.PritamShinde.in

Professional Summary

- IT experience in Design and Development of Web and Cloud based applications for small companies as well as for large enterprise.
- 8 Years strong experience of Object-Oriented programming languages C#, Angular and Asp.Net Web API development.
- 3 Years of hands-on experience in Amazon Web Services including EC2, VPC, S3, EBS, ELB, Cloud-Front, IAM, RDS, Cloud Watch, Cloud Front, Cloud Trail.
- Project experience of designing and architect server less web application using AWS Lambda, API Gateway, Dynamo Db and Security Token Service (STS).
- Good understanding of Web Application deployment and maintenance of IIS 5.0 and 7.0, Apache on Amazon Web Service (AWS).
- Knowledge of automation/configuration management using Cloud Formation.
- Demonstrated understanding of AWS data migration tools and technologies including Storage Gateway, Database Migration and Import-Export services.
- Excellent knowledge of source control management concepts such as Branching, Merging, Labeling/Tagging and Integration, with tool like GIT and TFS.
- Good knowledge of full Software Development Life Cycle (SDLC) stages in a Waterfall and Agile environment.
- Good at Relational database design, stored procedure, triggers, user-defined functions, SQL jobs.
- I am self-motivated, team-oriented professional who can work independently, also I am confident of my ability to quickly learn and implement modern technologies in no time.

Skills

Programming Languages: C#, Bash Shell Scripting, Java Script, Type Script.

Public Cloud: AWS VPC, EC2, Lambda, API Gateway, S3, EBS, RDS, IAM, Route53, CloudFront, Dynamo DB, CloudWatch, Cloud Trail, ASG, Elastic Beanstalk, Cloud Formation.

Web Servers: IIS, Apache, nginx.

CI/CD/CM Tools: TeamCity, GitHub, Azure DevOps, CloudFormation, JIRA, Confluence.

Database: MS SQL Server, DB Backup & Maintenance

Networking: TCP-IP, Network Security, Subnets, VPN, DNS, Routing

Methodology: Enterprise Architecture, Agile, Software Design, Software Engineering, RDBMS, OOPs, MVC Architecture and Data Modelling using UML.

Technologies: Asp.Net Core, MVC, Windows Services, Angular, Web API.

Operating Systems: Linux/Ubuntu, Windows.

Work History

IT Specialist

04/2021 to Current

Volkswagen Group – Pune, India

- Working as team member within team of cloud engineers and my responsibilities includes.
- Setup & Managing Linux and Windows Servers on Amazon using EC2, EBS, ELB, SSL, Security Groups, RDS and IAM.
- Managing VPC, Subnets; make connection between different zones; Blocking suspicious IP/subnet via ACL.
- Managing CDN on Amazon Cloud Front (Origin Path: Server / S3) to improve site performance.
- Create & Managing buckets on S3 and store db and logs backup, upload images for CDN server.
- Setup databases on Amazon RDS or EC2 instances as per requirement.
- Managing AMI/Snapshots/Volumes, Upgrade/downgrade AWS
- Creation of POCs and architecture for upcoming engagements, resources (CPU, Memory, EBS).
- Worked on Angular 8, .Net Core, C#, Aurora MySQL, Dynamo DB.

Senior Software Engineer

06/2018 to 01/2021

Cognizant – Pune, India

- I got to work upon wide array of technologies including AWS S3, EC2, ELB, VPC, C#, HTML, ASP.Net Core, REST API, SQL Server 2016.
- CW Trading Products was a web-based application developed in HTML, Angular, TypeScript and JavaScript.
- Application was responsive in nature and directly talking to micro services deployed on ECS.
- REST APIs were used to PUT, ADD and DELETE operation and APIs were deployed on Amazon web services.
- The applications displayed images from Amazon S3 server, all the image operations were done using .NET based AWS SDK.I performed the role of Project Lead & Developer at the same time
- The role includes end-to-end development.
- Frontend - Angular 8, JavaScript, Type Script, HTML. Backend - NET Core Web API, ASP.NET MVC, AWS Services. Database– MS SQL Server 2016, Dynamo DB, AWS Services.

Software Engineer

11/2014 to 06/2018

LTI – Pune, India

- Joined as Software Engineer and was assigned to work for Investment banking area in Barclays ABSA
- Excellent exposure to Application-Level Security as we were building applications for financial trading
- Working as an onsite coordinator & Involved in all Agile Methodology phases including Sprint Planning, Daily Scrums / Stand Up, Sprint Retrospection

- Involved in development of WCF Services, Web API, MVC Application
- Involved in query optimization of query performance using various programming concepts
- Involved in design write and review of SQL codes (complex stored procedure, function and views) using TRANSACT SQL
- Involved in L3 Support to troubleshoot the production issues and resolving the issues maintaining the SLA's
- Frontend - Angular, JavaScript, HTML, CSS, Backend - Web API, WCF, MVC, Entity Framework, Database - MS SQL Server 2016, Sybase.

SOFTWARE ENGINEER

01/2012 to 01/2014

VSYS – India

Education

Bachelor of Engineering: Information Technology

06/2012

NMIET - Pune

Diploma: Information Technology

06/2009

MET - Nashik

Certifications

AWS Certified Developer – Associate Issued by Amazon Web Services Training and Certification
